- CPA Presentation of the Annual Audit

Board members received a copy of the audit of financial statements of West Virginia Northern Community College for the years ended June 30, 2008 and 2007. Brian Trischler of Costanzo and Associates presented findings of the audit.

Several matters were considered by Costanzo and Associates as opportunities for the College to strengthen internal controls and operate more efficiently.

Appropriate corrective measures were taken by the College relative to prior year audit recommendations with the following observations made by the auditing firm: (1) the Business Office should adopt federal policies for stale-dated (outstanding) checks, and (2) the College should adopt federal post-award requirements regarding fixed assets. Recommendations from Costanzo and Associates for the current year are that the College follow federal cash management procedures and that the Payroll Department strengthen internal control.
Ms. Harman made a motion to accept the audit report as presented by Mr. Trishler. Ms. Boyd seconded the motion. Motion carried.

Additionally, modifications were made for the Middle College concept and some additional items were added to the contract bringing the total cost of renovations to $1,335,000. Mr. Bandi asked the Board’s consideration for the College to expend additional dollars over the original $1.2 million approved by the Board for the B&O renovation project. Mr. Haught made a motion to approve the B&O renovation project in the amount of $1,335,000. Ms. Harman seconded the motion. Motion carried. Dr. Cummings abstained from voting because a hard copy of Mr. Bandi’s report was not available for his review.
