Certification Option

15 to **FINISH** Do it and... ***you're done!***

Your **ACADEMIC MAP** includes all of the courses required in your degree program, organized in a semester-by-semester sequence that allows you to graduate on time without losing credits, missing classes or falling out of your cohort.

### Associate in Applied Science: Computer Information Technology 2+2 with Wheeling Jesuit University: Looking Ahead

- The "2+2" term is used to refer to a transfer agreement through which a student completes an Associate degree at WVNCC and finishes a Bachelor degree at another institution-- in this case, Wheeling Jesuit University. Due to individual student factors, part-time or full-time status, need for developmental education coursework, scheduling and availability of courses, or other factors, all students may not be able to complete these degrees in 2 (Associate) or 4 (Bachelor) years. The term "2+2" does not imply a guarantee that a student will be able to complete all requirements in 4 years. Further, 2+2 articulation agreements contain very specific requirements which have been agreed upon and approved by the administration and faculty at both institutions. Because of this, petitions for course substitutions will not usually be considered or approved to allow a student to graduate under a 2+2 program.

### Preparing for Wheeling Jesuit University

- While a 2.0 cumulative GPA meets graduation standards for WVNCC, Wheeling Jesuit University may require a higher GPA or other special requirements for admission into their Computer Information Technology baccalaureate program. Always consult with your WVNCC advisor and an advisor from Wheeling Jesuit University early in your program in order to ensure you're meeting the transfer standards of their institution.
- Upon graduation, don't forget to submit your official academic transcript to Wheeling Jesuit University's Office of the Registrar and complete a transfer clearance form.

We understand that managing multiple responsibilities while attending college can make life complex for many students. So, we pledge to do our part, through individualized advising and support, to help you make collegiate choices that will lead straight to the finish line.
