Replaces previous policy dated:

Rule: Catastrophic leave is provided for employees and a catastrophic illness is defined as: a medically verified illness or injury which is expected to incapacitate the employee and which creates a financial hardship because the employee has exhausted all leave and other paid time off. Catastrophic illness or injury shall also include an incapacitated immediate family member if this results in the employee being required to take time off from work to care for the family member and the employee has exhausted all leave and other paid time off.

A direct transfer provides for sick and annual leave to be donated at the request of the employee upon appropriate medical verification that the individual is unable to work due to the catastrophic illness or injury as determined by the President of the institution.

Upon approval for an employee to receive direct transfer of catastrophic leave, any employee may, upon written notice to the Human Resources Department, donate sick and/or annual leave in one-day increments. No employee shall be compelled to donate sick leave. Any leave donated by an employee, but not used by the employee to whom it was donated, shall be returned to the donating employee and reflected in her/his leave balance.

An employee receiving the transfer of leave shall have any time which is donated credited to such employee’s leave record in one-day increments and reflected as a day-for-day addition to the leave balance of the receiving employee. The leave record of the donating employee shall have the donated leave reflected as a day-for-day reduction of the leave balance.
Use of the donated credits may not exceed a maximum of twelve (12) continuous calendar months for any one catastrophic illness or injury. The total amount of leave received by transfer or withdrawn from a bank may not exceed an amount sufficient to ensure the continuance of regular compensation and shall not be used to extend insurance coverage pursuant to Section 13, Article 16, Chapter 5 of the Code, which relates to insurance coverage for State employees. The employee receiving donations of leave shall use any leave personally accrued on a monthly basis prior to receiving additional donated leave.

Direct transfer of leave or deposits into a leave bank may be inter-institutional. The President or her/his designee shall notify in writing other institutional Presidents requesting that the institution consider the transfer of leave by either the direct transfer method or from the institution’s leave bank. Upon approval of the receiving President, transfer leave will be made through appropriate institutional procedures.
