*Always check with academic advisors from both institutions early on in your program to ensure you're meeting transfer requirements into the baccalaureate program			

KEY:  Milestone  Certification Option

Your **ACADEMIC MAP** includes all of the courses required in your degree program, organized in a semester-by-semester sequence that allows you to graduate on time without losing credits, missing classes or falling out of your cohort.

Associate in Science: Accounting Business Administration Option 2+2 with Franciscan University of Steubenville

- The “2+2” term is used to refer to a transfer agreement through which a student completes an Associate degree at WVNCC and finishes a Bachelor’s degree at another institution. Because of individual student factors, part-time or full-time status, need for developmental education coursework, scheduling and availability of courses, or other factors, all students may not be able to complete this degree in two (Associate’s) or four (Bachelor’s) years. The term “2+2” does not imply a guarantee that a student will be able to complete all requirements in four years.

Preparing for Franciscan University of Steubenville

- Although a cumulative GPA of 2.0 meets requirements for graduation at WVNCC, students who do not meet the GPA (or other special) requirements at the transfer institution for admission to this baccalaureate program may not be admitted to the program until they are able to meet those requirements. Students should consult with an advisor at the transfer institution early in their program to check on this, and other requirements for admission to the FUS Accounting/Business Administration baccalaureate program.
- Upon graduation, don't forget to request your official academic transcript be sent to Franciscan University of Steubenville's Office of the Registrar and to complete a transfer clearance form.
