Wheeling students also got on board and have made good progress. An in-depth report on the College Square project will be placed on next month’s agenda.

B. State Legislature Liaison

Dr. Hunter asked the Board’s support via letter to Governor Manchin asking his support for the Appalachian Regional Commission grant (a grant of $1.5 million). This money is needed to equip and furnish the new building. If the College does not receive this grant, other sources of revenue are available. C. Other

The College has had some success regarding needs of the College which have not yet been met. Work of the Board regarding four proposals submitted to the WV Council for Community and Technical College Education has had good effect.

Dr. Hunter credited Senator Larry Edgell’s efforts in helping restore the $149,000 that WV Northern lost--tuition offset plus special project allocation related to peer equity that was taken from the College budget. Also, by October 1 of each year all governing boards must file with the WV Council a list of rules in effect on July 1.
