### Business Studies, Business Administration: Management Option 2+2 with West Virginia State University

- The "2+2" term is used to refer to a transfer agreement through which a student completes an Associate degree at WVNC and finishes a Bachelor's degree at another institution. Because of individual student factors, part-time or full-time status, need for developmental education coursework, scheduling and availability of courses, or other factors, all students may not be able to complete this degree in two (Associate's) or four (Bachelor's) years. The term "2+2" does not imply a guarantee that a student will be able to complete all requirements in four years.

### Preparing for West Virginia State University

- Although a cumulative GPA of 2.0 meets requirements for graduation at WVNC, students who do not meet the GPA (or other special) requirements at the transfer institution for admission to this baccalaureate program may not be admitted to the program until they are able to meet those requirements. Students should consult with an advisor at the transfer institution early in their program to check on this, and other requirements for admission to the Business Studies, Business Administration: Management Option baccalaureate program.
