Dr. Olshinsky reported on the following President’s activities for the month of February 2011:

- First Lady, Joanne Tomblin visited Northern, and the College signed an agreement to increase graduation rates. All of the community colleges in the state are pledging to increase graduation and retention efforts.
- Met with representatives from Barnes & Noble about store expansion. If the College acquires the Straub properties, Barnes & Noble indicated they have an interest in some of the space.

6. Administrative Staff Reports

A. CFO and Vice President of Administrative Services – Steve Lippiello

- Maintenance Analysis: Straub vs. 17th Street Lot

  Mr. Lippiello gave a PowerPoint presentation on the maintenance analysis on the Straub properties vs. the 17th Street Lot. The goal of the analysis is to make sure the College spends the $4 million bond proceeds in the most prudent ways possible—either by renovating the Straub properties or erecting a new building on the 17th Street lot owned by the College. Assumptions regarding the analysis were presented. Maintenance costs with no variations and with possible variations were noted.

  With the approximate value of the Straub properties being $1,050,000 vs. the cost to erect a new building to expand the Wheeling Campus, Mr. Lippiello indicated the most sound recommendation he could give the Board would be that it move forward with the purchase of the Straub properties. In another year, the College could move forward with another bond issue for additional projects. Those monies would be available for the building of a new structure on the 17th Street lot.

- Second Quarter Financial Results

  Mr. Lippiello reported on the interim financial statements for the second quarter December 31, 2010 and 2009.
