

TEAS INFORMATION

The Nursing program requires a minimum score on the Test of Essential Academic Skills (TEAS) for admission purposes.

Register for the TEAS at www.atitesting.com. TEAS scores must be within the last three (3) years. Pre-nursing admission exam may be completed a maximum of three (3) times in one year for consideration for admission. Applicant may be considered again after one (1) year.

Find TEAS prep information on the ATI website, through the BrainFuse online tutoring option in the Student Portal, or through other online and print resources available through web-searches, the college library, or the Academic Support Center.

IMPORTANT: TEAS scores must be printed or saved in the proper format and submitted with the Nursing application, regardless of where the test was administered. Applicants should print or save the scores themselves rather than having scores sent to the college.

After finishing the exam:

1. Log into www.atitesting.com.
2. Select the My Results tab.
3. Click the name of the test under "Assessment Name."
4. Click Download Report from the upper right of the screen to access the Individual Performance Profile.
5. Print this report and attach to the Nursing application or save the digital file and email it to wvnccadmissions@wvncc.edu.

If you have taken the TEAS more than once, submit Individual Performance Profiles from each attempt.

Applicants who sign up to take the TEAS on WVNCC's campus must review the [TEAS Testing Room Procedure](#) and bring a signed copy when they report to test.
