	FERC COMMITTEE MET FEB. 18, 2022, 11-12:30
	 New namefaculty can contribute ideas. Chana likes "Portfolio" because then we are "showing what we've done as opposed to "proving" what we've done.
	2. Transparency of line-item dollar amount budgeted and actually paid out annually from CFO. Any ideas how we make this happen? Do we, or should we, invite Jeff to a meeting to discuss this?
	3. Equity in merit \$ distribution. Eliminate levels. All money to be divided equally by total merits points earned among faculty. This is the easiest way to determine if your merit pay is accurate. Of course, we will need to know total merit points earned. Should be easy enough to accomplish if Division Chairs are willing to keep totals, or perhaps HR would share merit point total.
	 4. Goals: a. Keep them SMART, whatever activity faculty list will be what is used for verification. b. Keep goals focused on "TEACHING". We are pulled into too many directions and our jobs seem like the last on our list of things to do. We're going to propose: 2 teaching goals + 1 choice. Choice could be: assessment, retention, advising, service, professional development. c. Above 4 goals used toward merit
FERC	5. Classroom observation will remain part of the evaluation with the following changes (because we believe promotion should have some type of benefit other than pay)
Jennifer Lantz	a. Instructor, yearly observationb. Assistant Professor, every 2-year observation
	c. Associate Professor, every 3 years observation
	d. Professor, every 4 year observation.
	6. Self-Assessment to be removed and replaced with current job description provided by Provost, according to our renewal letter. Can be a check list completed during meeting with Division Chair. You're either doing your job or not.
	7. Merit will be the only appendices to the evaluation.
	8. Jeremy shared what he has done so far with the user-friendly computer version. IT IS NICE!!
	9. Points: We're still figuring out a better point system, or how to include a quantitive measure so improvement plan &/or merit recommendations isn't a judgment call by division chair.
	FERC committee welcomes feedback on any of these topics, or contribution of ideas on how to improve FERC. If you have certain "things" you like added or changed, let a member of the committee know.
	Next meeting: March 25 th , 11-12:30 pm.

	Green bandana initiative is a current campus event
	We have been granted premium real estate on the student and faculty/staff portals with large buttons that will direct faculty/staff to faculty/staff oriented mental health resources and the students to student mental health resources.
Mental Health	RJ is working with IT to design the webpages (and he has no idea what he is doing) and hopes to have it roll out near Spring Break.
RJ Canter	We have also been given the green light to begin the process of hiring a mental health professional to act as a counselor across campuses. The mental health team is working to revise an appropriate job description currently. Grant writing to cover the costs of the positions the next step, with Phil taking the lead.
	Rachel is hard at work checking and updating our resource list
	We also have another possible resource in the works for faculty and staff that we will update you as we become more aware ourselves!
	Open House is set for April 9, and we are currently planning a traditional on campus event (with some zoom component).
Open House Crystal Harbert	High schools are being targeted: open house cards sent via mail and taken by Matt Thorn on visits to high schools, geofencing, and sport events. Community outreach to advertise the event will also occur at local events like the expo and through chamber newsletters.
	Financial Aid Office is providing a single \$1,000 scholarship. Guided tours on available by request during Open House.
	Each campus is responsible for catering.

Student Showcase Symposium Heather Kalb	The Symposium committee meet in February to discuss dates for this semester's Showcase Symposium. Friday May 6 th from 12 – 2 was selected for Wheeling, though the exact location has not yet been determined. The symposium in Weirton and New Martinsville will be on Wednesday from 12 -2 at their respective facilities. This allows us to spread our resources between campuses, additionally it allows faculty, staff and even student presenters the ability to attend the symposium on two campuses which was not an option in the fall. Students are welcome to present on two campuses.
