Guest Speakers:

Margret brought to the group a project for graduate students to donate their caps and gowns for future students to reuse. Right now, the Foundations Committee does help students to buy the regalia. Students proposed ideas to help inform the current class to help with this; ideas included emails, bins, and asking instructors to inform students during finals. Courtney made a motion to approve this project and Randy D. second.

Dr. Riley commented on Bored matters related to the faculty, staff, and student concerns (November). Students brought to her attention the "Bridging the Gap" grant that is no longer available.
