* Note: The "2+2" term is used to refer to a transfer agreement through which a student completes an Associate degree at one institution and finishes a Bachelor degree at another institution. Due to individual student factors, part-time or full-time status, need for developmental coursework, scheduling & availability of courses, or other factors, all students may not be able to complete these degrees in 2 (Associate) or 4 Bachelor) years. The term "2+2" does not imply a guarantee that a student will be able to complete all requirements in 4 years.
