WEST VIRGINIA NORTHERN COMMUNITY COLLEGE

Presidential Practice Regarding
Full-time Faculty Absence

Instituted March 15, 2010

Principles:

1. The President is charged with administering personnel rules in a lawful, equitable, and efficient manner.

2. While faculty do not earn sick or annual leave, faculty absences occur for many reasons, including personal illness. Policies and practices which regulate faculty absence should be equitable across divisions and disciplines.

3. Without specific statutes and rules governing practices which extend salary and benefits to faculty who are absent, the college should base its practice on comparable laws and policies established for other employees.

4. The College has contracted with enrolled students to provide instruction in classes to which the College has assigned individual faculty members. The College’s primary obligation is to the instruction of the students.

5. A faculty member receives an employment notification with the College agreeing to provide instruction and other related duties for a period of one academic year. In return, the College has agreed to provide a salary and specific benefits for fulfilling those duties and responsibilities.

6. Whenever a faculty member requests to be absent or is absent from classes, related duties and/or supplemental duties, then the employment notification with the college is altered and the college has a responsibility and an obligation to determine under what conditions to continue the salary and the specific benefits of the faculty member.

Faculty Responsibilities:

1. All faculty are expected to meet their classes and fulfill instructional and other faculty obligations as outlined in the Faculty Position Description and Responsibilities, plus any supplemental duties as assigned.

2. Emergency absences must be reported prior to start of first class missed to the appropriate division chair or division secretary (Wheeling campus) and shared with campus dean’s office with instructions regarding messages to be given to students. Emergency absences for classes held on the New Martinsville or Weirton campus must be reported to the campus dean. Faculty Absence Form must be completed within one week (by faculty or division chair).
3. Planned absences must be approved two weeks in advance by division chairs with
arrangements to be made and approved for maintaining continuity of instruction.
The Faculty Absence Form is to be completed at the time of the request.

4. Short-term or long term medical leave of absences, as defined by the length of
duration, require that the faculty member request, in writing, from the Vice
President of Academic Affairs an authorization to be on approved leave from the
assigned classes of instruction and other contractual duties. The written request
must include, at a minimum, the reason for the leave, and an estimate of the
expected duration of the leave, if possible. The appropriate supporting
documentation must be submitted to the Human Resource Office. The VPAA
will review the request with the Division Chair before making final approval.

5. The Vice President of Academic Affairs shall review recommendations made by
the faculty member and Division Chair for coverage of faculty instructional
responsibilities or other contractual duties. The Vice President of Academic
Affairs reserves the right to make a final decision on approved coverage based on
 instructional integrity and continuity of instruction. The Vice President of
Academic Affairs reserves the right to make a final decision on faculty
assignments (instructional or special project) upon return to work. Full faculty
compensation resumes upon return to work, regardless of the assignment.

Division Chair Responsibilities:

1. Division Chairs will insure that faculty absence forms for emergency and planned absences
are completed and submitted.

2. Approval of the faculty absence form by the Chair includes a review of the continuity of
instruction plans and a request for adjustments if the plan is not complete or appropriate.

3. The Chair, or division secretary, will also notify the corresponding campus dean(s) of the
faculty absence and plans for continuity of instruction. The division secretary (Wheeling) or
the appropriate campus dean (New Martinsville, Weirton) will post and communicate to
students.

4. The Chair forwards a copy of the completed faculty absence form to the Office of the Vice
President of Academic Affairs.

5. The Chair is required to report medical absences exceeding five working days to the Human
Resource Office.

Campus Dean Responsibilities:

1. Campus Deans on the New Martinsville and Weirton campuses will develop and implement
a notification process for faculty absences which includes appropriate notification to the
 corresponding division and student communication procedures.
Human Resource Director Responsibilities:

1. Verify receipt of appropriate satisfactory medical documentation and notify VPAA of eligibility status.

2. The Human Resource Director will communicate directly with the faculty member if additional information is needed.

Presidential Practice:

1. Faculty are herein defined as full-time faculty employed for less than 12 months and specifically for an employment notification period spanning one academic year.

2. Emergency absences, as defined by the length of duration (less than 2 weeks), regardless of the reason, are handled by the division chair and are considered as an excused absence with no effect on the employment notification if the faculty member has appropriately completed all procedures, required forms, and received approval.

3. A Summary Chart is provided to interpret the following leave categories:

   Types of Leave: Medical Leave of Absence (personal or family); Leave of Absence (e.g. Witness/Jury Duty, Military Activation).
